## NOTICE

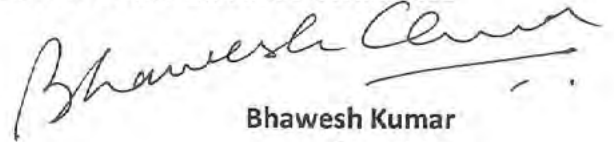

### ANNUAL GENERAL MEETING (AGM) FOR THE YEAR 2017-18

Notice is hereby given that the 27<sup>th</sup> Annual General Meeting of the Electronics City Industries Association (ELCIA) will be held in Hotel "The Oterra" Electronics City, West Phase on Friday, 27<sup>th</sup> July 2018 at 5.30P.M.

## **A G E N D A**

1. To consider and adopt the minutes of the 26<sup>th</sup> Annual General Meeting held on 9<sup>th</sup> June 2017
2. To consider and adopt the audited balance sheet of ELCIA as on 31<sup>st</sup> March 2018 and the income & expenditure for the year ended on that date.
3. To appoint the auditors for the year 2018-19 and fix their remuneration.
4. To consider resolution if any, moved by the Executive Committee or other members with written notice of minimum 10 days prior to the AGM in accordance with the existing rule on the subject.
5. Open House discussions

By the order of the Executive Committee

Bhawesh Kumar  
Secretary

Electronics City, Bangalore  
21<sup>st</sup> June 2018

# From the CEO's Desk

*Dear Members,*

ELCIA is an umbrella organization which has successfully created and nurtured ELCIA Trust and ELCIA Cluster. ELCIA was responsible for Electronics City being declared as e-City Industrial Township Area which is currently governed by ELCITA. Each one of these are significant milestones for Electronics City which are in the process of carving their own future. As a parent organization, ELCIA has taken on itself to step in for any advocacy, guidance, and support required by these organizations.

ELCIA is an organization that reaches out to its members, constantly exploring new initiatives to reinvent itself and partner in the growth of the businesses in Electronics City, not merely resting on past laurels.

Many organizations/associations visit Electronics City to know how ELCIA has been successful. In my opinion, being relevant, aligning to changes in the ecosystem, teamwork and taking pride in building a robust organization have contributed to its success.

Today, both Gol and GoK are listening to the industry, creating/changing policies, working to ensure ease of doing business, and supporting Make in India initiatives. This is a great opportunity for ELCIA to step in and help companies in implementing policies – be it in skill development, product development, or while adopting newer technologies. ELCIA can use all of your collective experiences for policy advocacy. We have made about 16 recommendations to Gol and 7 of them have been accepted, while others are under consideration. Our own ELCITA committee/subcommittees have ELCIA members who make recommendations and make decisions possible.

It is for us to grab this opportunity and make the best use of it for our business growth and laying a good foundation for the future. We have demonstrated our commitment and team strength in successfully completing projects against all odds. The next level of achievement is possible with all of you coming together and sharing the same vision of sustainable growth and co-creating products. For example, Smart city has been created using your products and services.

One of the areas that is close to me and a critical one in business is skill development of all types and at all levels. ELCIA has plans for training and development of school dropouts, graduates and freshers, supervisors, middle managers and senior management. Language skills, soft skills, and technical knowledge required for each of these set of aspirants will be planned by ELCIA.

ELCIA is collaborating with CII, GIZ, and Bosch to implement skill development programs as per the policies of Gol, GoK and homegrown training programs.

One of the learnings from Samridhi, a joint program of CII, Bosch, and ELCIA is that, mentoring and inspiring individuals is the key to the success of training sessions. The sessions of Samridhi have received positive feedback and good reviews. Participants are more confident to deliver their work, and companies are glad that they could help enrich their employees' knowledge and skills.

I have known large companies investing in training new hires and reaping rich dividends. These days, there are many small companies who consider skill development to be an important and critical factor for their success. ELCIA has a huge role in facilitating skill development. It is important that members participate in large numbers and benefit from these interventions.

There is a need for a change in mindset with respect to public administration. Governments at both center and state level are reaching out to industries to garner fresh perspectives, and trying to bring in policies that are industry-friendly and I believe we should not miss out on this opportunity by being skeptical.

ELCIA Cluster, ELCIA Trust, ELCITA, ELCIA – all these are your organizations built and nurtured by you and I am sure you are proud to be a part of it. It is your willingness, interest, enthusiasm, and vision that can take Electronics City to the next level.

Here is a great opportunity to work together to develop your business, empower employees and facilitate Electronics City to take up newer initiatives for better quality of life.

With best wishes,

**Rama NS**

*CEO ELCIA*

# President's Message

## The Story So Far

ELCIA has played a significant role in the development of Electronics City for the last 26 years. Initiatives like Make in India, Smart City and Digital India provide great opportunities to large and small companies including startups. The government has come up with many industry-friendly policies to help companies and ELCIA has taken the initiative to support the implementation of these policies.

ELCIA believes that MSME companies form the backbone of an industry and therefore, has left no stone unturned to set up the Common Facility for ELCIA Cluster under the CDP of Gol and GoK. This facility is operational and requires members' support in making it sustainable.

ELCIA was successful in helping Electronics City attain township thus bringing self-governance to Electronics City and is also taking care of 20 schools.

## Way Forward...

"How do we stay relevant? What can ELCIA take up that will help the business ecosystem in Electronics City?" are some of the questions we asked ourselves during the EC meetings.

ELCIA will continue to work closely with ELCITA to suggest infrastructure improvements required for better quality of life of all companies and employees of Electronics City. The menace of ever-increasing traffic is well known. Our EC is well represented in the ELCITA committees and is making all efforts to come up with solutions acceptable to everyone – Efficient public transport and effective routing of traffic inside the estate along with smooth entry and exit in view of the Metro Rail work – are few of the initiatives that are under implementation.

Facilitating implementation of government policies and advocacy to the government so that the right policies are in place is another focus area.

Today, the availability of right skilled manpower is a critical success factor for industrial growth. This is one major focus area where policies of Gol and GoK can help in setting up a certified ELCIA training center. Our vision is to facilitate training using government policies to all levels of employees and aspirants for better performance and opportunities.

Economic growth is the key for survival and growth of any industrial hub. While individual companies respond to changes in technology, market, and talent in running their business, ELCIA as an association needs to synchronize with the needs of the companies and support them. As we are all aware change is constant and our preparedness for change goes a long way in the growth of economic activity in Electronics City, especially the MSME sectors.

Proactively promoting Electronics City as the best destination for digital India products can boost the economic development of Electronics City. IoT and smart products are the current buzzwords, and many of our brethren are already implementing or developing such technological advancements.

In addition, it is imperative to lay a strong foundation for new investments and improved quality of life. We are getting national and international visitors who are interested in understanding the success story of Electronics City. We need to convert these into win-win business successes for both our members and visiting companies.

I envision Electronics City getting redeveloped with vertical growth in physical infrastructure, increase in employee strength and revenue. ELCIA has an opportunity to play a big role in

1. Championing and engaging with local government, ELCITA, and GoK to ensure infrastructure support
2. Actively promoting Electronics City for investments, particularly manufacturing sector
3. Creating a technology hub for smart city
4. Development of biotechnology park

This can happen with ELCIA influencing the government, investors, and talent that Electronics City is the best place to work and have fun. National and international visitors experience the positive environment and comradery in Electronics City. I am sure this teamwork, collaboration and positive energy can help our members to co-create products, share best practices and join hands in skilling our employees.

Let us join hands and make sure Electronics City continues to be vibrant with all-round development.

With Warm Regards

**Raghunandan C B**

*President ELCIA*

# Secretary's Report

*Dear Members,*

Warm greetings from ELCIA!

Electronics City has always contributed to the growth of the economy in the sectors of IT/ITES and Electronics. With emphasis on Make in India, the responsibility of Electronics City has gone up multifold and ELCIA is gearing up to support business development of the companies in Electronics City.

ELCIA has shifted gears and is now focusing on policy advocacy, training and getting skilled employees for companies as well as co-creation of products. ELCIA also facilitates and encourages companies to come up with products and services for Electronics City smart city test bed.

ELCIA is the parent organization that actively supports ELCIA cluster and ELCIA Trust. ELCIA has worked with Gol and GoK to get the ELCIA cluster common facility up and running. ELCIA provided gap funding of Rs 2.5 Cr to complete the project and has provided a grant of Rs 40 lakhs for operational expenses. ELCIA cluster is now operational and catering to the requirements of MSMEs. One-third of AMF contributed by the members is transferred to ELCIA Trust.

Sub-committees for the three areas were formed to focus on the three objectives:

## 1. Policy Advocacy, Implementation and Practice Sharing

Anchors: Mr. Veerappan and Mr. Bhawesh Kumar

The above-mentioned anchors focus on the following:

- Suggesting changes to government policies and taking up implementation issues with the government
- Collating all the policies, processes and compliances required by companies and making them available to all members
- Facilitating implementation of policies
- Sharing of best practices

Example: Recommendations made by ELCIA and accepted by GoI are listed below:

### **Policy Advocacy by ELCIA for the Benefit of Electronics Manufacturing Industry Annexure 1**

Sl. No.	Brief about the Representation Made	Month/Year	Ministry	Current Status	Progress
1	Representation for exemption of BCD, CVD and SAD on import of parts, components and accessories for the manufacture of STB	November 2015	JS, TRU-1, MOF	The exemption was granted in the budget of 2016.	Success
2	Representation made for reduction of VAT on Set Top Boxes for sales in Karnataka to 5.5% from the prevalent 14.5%	January 2016	Principal Secretary, Finance – Government of Karnataka	The VAT was revised by Government of Karnataka to 5.5% in March 2016 and it remained effective till the introduction of GST.	Success
3	Representation for disallowance of CENVAT credit on Special Additional Duty (SAD) on imported STB	March 2016	Secretary, MOF	Clarification was provided that CENVAT credit will be allowed only if STBs are sold in Indian market.	Closed
4	Representation for applicability of concessional rate of Income Tax rate of 25% for new units to be applicable from 2015-'16, in line with Make In India initiative	April 2016	Secretary, MeiT Secretary, Revenue JS, TPL-1, MOF	Discussions were held with MOF and MeiT at various levels. The MOF opined the applicability date cannot be revised since this was a cabinet decision.	Dropped

5	Representation for all Conditional Access System (CAS) vendors with secure keys embedded in India addressing security concerns and accelerating manufacture in India	April 2016	Chairman, Parliamentary Committee on IT	Matter is under consideration. As per the recent TRAI order applicable to cable operators and broadcasters, subscribers can be charged only on à la carte basis. This control can be achieved only with embedded CAS.	Work in Progress
6	Representation for Department of Customs, MOF, to enhance working hours and ensure timely clearance of imported goods	April 2016	Member Administration, CBEC	Extended working hours have been agreed, provided advance notice is given the previous day for urgent clearances (even post midnight).	Success
7	Representation for exemption of parts relating to machinery used in the manufacture of PCB Assemblies	June 2016	Joint Secretary, TRU-1, MOF	Proposal is still under consideration.	Work in Progress
8	Representation for differential excise duty on servers to promote domestic manufacturing since servers come under ITA 1 list	June 2016	Joint Secretary, TRU-1, MOF	Proposal was not accepted owing to WTO guidelines as per which differential rate cannot be applied for imports and domestically manufactured products.	Dropped
9	Representation for exemption of BCD, CVD and SAD on all parts, components and accessories used in manufacture of Smart Meters	July 2016	Joint Secretary, TRU-1, MOF	BCD is exempt on all parts. However, CVD and SAD was not accepted.	Dropped
10	Representation for servers in the list of Preferential Market Access Policy applicable in government procurement	August 2016	JS, MeITy	The matter was favourably considered and servers were included in September 2017 in the PMA list after much deliberation.	Success

11	Representation for implementation of abatement in GST on domestically manufactured products (similar to excise duty)	October 2016	Addl Secretary, MeiTy	The matter has been put on hold by MOF, pending stabilization of GST.	Hold
12	Representation for centralized procurement by all government departments through GeM (Government e-Marketplace) portal alone	January 2017	Addl Secretary, MeiTy MD, NICSI	The policy has been implemented and all government procurement has to be mandatorily done through GeM portal alone.	Success
13	Representation for BCD increase on Set Top Boxes from 10% to 30%	April 2017 July 2017	MoS, MeiTY Secretary, MOF Secretary, MeiTy Addl Secretary, MeiTy JS, MeiTy JS, TRU-1, MOF	The BCD was increased to 20% in December 2017.	Success
14	Recommendations for inclusions in National Policy of Electronics	Multiple	Director, MeiTY	The recommendations are under consideration.	Work in Progress
15	Representation for conditional acceptance of inclusion of electronics in RCEP	November 2017	JS, MeiTY	The recommendations are under consideration. MeiTy has stated they are not in favor of signing RCEP with China.	Work in Progress
16	Representation for enhancing BCD on digital broadcasting equipments	May 2018 & June 2018	Secretary, MeiTy JS, MeiTY	Matter is under review.	Work in Progress

Example: Training sessions for GST, quality, ...

Work on consolidating the data on policies, schemes, compliances and processes is underway.

#### a. Government Redefines MSMEs based on Annual Revenue

According to the government's new definition, businesses with revenue of as much as

- Rs. 5 crore will be called micro enterprises
- between Rs. 5 crore and Rs. 75 crore will be deemed as small enterprises
- between Rs. 75 crore and Rs. 250 crore will be classified as medium-sized enterprises

Also, 25% corporate tax rate is charged for entities with sales of up to Rs. 250 crore.

#### b. National Apprentices Scheme 2017

The Government of India has mandated that all organizations, whether in services or manufacturing sector are supposed to participate in the National Apprenticeship Program.

ELCIA took this drive to all the MSMEs' doorsteps and enrolled most of them under the Apprentice Act. Taking this further, ELCIA has also applied for a license as Third Party Agency with the Government of Karnataka. On getting TPA affiliation, ELCIA will be equipped to handle the queries regarding recruitment of apprenticeship and also assist member organizations in getting the monthly stipend reimbursed by the government.

## **2. Co-creation of Products and Business Development Support**

Anchors: Ms. Sujaya, Mr. Murali, Mr. Seetharam and Mr. Vaidyanathan

The team is working towards co-creating new products using ELCIA Cluster Common Facility center. Areas can include electronic products, IoT devices, and smart city components. Providing opportunities to network and understand best practices and policies of the government is also part of the activities planned under this initiative.

### **a. ELCIA Cluster**

ELCIA Cluster's Common Facility center provides a great opportunity to member organizations to come together and co-create products. It is a one-stop shop for high precision machining, fabrication, assembly and testing with quality as well as just-in-time delivery.

### **b. MSME Connect Program**

MSME Connect is a program to reach out to the MSMEs and was organized by Confederation of Indian Micro, Small and Medium Enterprises (CIMSME). The program aims to educate entrepreneurs on available solutions to improve their capacity, take advantage and build their businesses to match their dreams. MSME Connect provides a platform to dreamers by giving them the opportunity to meet possible investors and mentors.

### **c. MSME Bankers & Borrowers Business Meet**

ASSOCHAM hosted a one-day business conference on the subject of "MSME Bankers & Borrowers Business Meet." All MSME organizations were invited to this highly interactive platform designed to connect traditional and emerging financial institutions like top banks and NBFCs, to present their products and services focused on MSME finance.

### **d. Exhibitions**

#### **i. Bengaluru Tech Summit, 2017**

Although trade fairs and conferences are common in the IT and Electronics industry, Bengaluru Tech Summit — the flagship IT event of the Government of Karnataka — is the premier event which showcases the best of Bengaluru's IT. Two of Bengaluru's flagship events — Bengaluru Tech Summit and Bengaluru India Bio 2017 — were combined into one mega event in November 2017 to showcase the city's technology prowess with an apt theme 'IDEATE. INNOVATE. INVENT.' The event took place at Bengaluru Palace and ELCIA members made use of this opportunity to learn, share and network with peers.

#### **ii. International SME Convention 2018, New Delhi**

ELCIA Cluster, Synthesis Winding, and Gill Instruments participated in the convention held in Delhi. This platform gave the participating member organisations an opportunity to interact with 150 other participants

from 31 countries and 400 entrepreneurs from India. The convention specifically focused on the inclusion of MSMEs in the Make in India program and empowering women entrepreneurs.

### **iii. MSME Expo - Vendor Development Program conducted by MSME - DI**

ELCIA Cluster participated in the Expo arranged by MSME DI, Rajajinagar and was able to spread awareness about the facilities available in the Common Facility Center.

## **3. Learning and Skilling Support**

Anchors: Mr. Raj Narayan, Mr. Veerabhadrappe, and Mr. Thind

Trainings, workshops, and seminars are arranged to focus on upskilling, capacity building and performance enhancement of the member industries. This initiative aims at skilling employees and aspirants using the government policies catering to the specific needs of the industry. GoI and GoK have come up with schemes for apprentice training, finishing school, ITI training improvements and also intends to help companies get skilled employees using their schemes.

The team is working with NSDL, GIZ, BOAT, Karnataka Koushalya Nigama to get ELCIA certified as a training facilitator. The team supports its members to register for apprenticeship schemes and guides them to use the scheme effectively for business improvement.

### **a. Samridhi Program**

A joint initiative of CII, Bosch and ELCIA - Samridhi Program's objective is to support MSMEs through specialized training for the following:

- i. Enable mid-level employees to take better ownership of their tasks and deliver work more effectively
- ii. Enhance their time management skills to focus on important and urgent tasks than the not-so-important ones
- iii. Equip them to build higher performing teams within departments
- iv. Provide a good overview of the operational excellence in the manufacturing industry

The engagement process includes 4 phases:

- i. Pre-training need analysis
- ii. Training delivery
- iii. Learning transfer to workplace
- iv. Post-training support

Samridhi Program has completed 2 batches of training and around 45 employees of member organizations were trained. It has received great reviews from the participants and the respective directors. We place on record the support provided by Bosch for this flagship program.

### **b. TecKXPert Knowledge Sharing Event**

The first successful session on "Performance, Life Cycle & Retrofits Assessment of LV Circuit Breakers" and TecKnow discussion on "Importance of Earthing" was conducted at ELCIA Boardroom by TecKXPert Knowledge Group. This was well received by all the participating engineers. It is planned to conduct these kinds of knowledge sharing sessions on a regular basis to tackle day-to-day facility management issues.

### c. Workshops in Association with Essae Chandran Institute

- i. Breakfast session on "Decision Making" — The talk by Mr. Rangan Mohan served as a CEO's guide to effective decision-making and also spoke about the powerful impact it can have on organizations.
- ii. Diagnostic Assessment — This diagnostic assessment for shop floor practices gave an insight to analyze and assess how much scope is there for productivity and profitability improvement.
- iii. Wealth From Waste (Cluster-based) — It gave the organizations an opportunity to understand the objectives, methodologies, and benefits of the cluster as well as interact with the participants from other clusters.

### d. Siemens SIMATIC IT Preactor Event

This event was organized by Siemens at ELCIA Conference Hall. It was meant for organizations who are still using conventional methods such as Microsoft Excel for tasks as complex as production scheduling thus leading to lagging behind in shop floor productivity and failure in meeting delivery timelines.

Siemens SIMATIC IT Preactor enables organizations to find ways to optimize production operations by reducing non-value-added activities such as setup or waiting time. It can be used by small, medium or large-sized organizations to help meet customer demands on time.

### e. Innovative Leadership Seminar

This seminar helped the participants approach their businesses with a positive mindset and succeed in this fast-changing world. The event was conducted by Ramjay Guru, a management consultant, at Crowne Plaza Hotel.

### f. ESDM Focused MSME Technology Center in Bangalore

Department of MSME, along with Ministry of MSME, GoI, is setting up this technology center under Technology Center System Program (TCSP). TCSP is a World Bank assisted program under which 15 new world-class MSME - Technology centers will be set-up across the country. A technology center focused on "Electronic System Design and Manufacturing" is being set-up in Bangalore, Karnataka.

A team of experts from Germany along with the team from Department of MSME and EY (Project Management Unit for TCSP) visited ELCI for stakeholder discussions to identify the state-of-the-art, leading and tested contemporary and near future technologies in the area of ESDM.

A stakeholder discussion was organized at the ELCIA Boardroom on 24th July 2017. The meeting was chaired by Mr. Surendra Nath Tripathi AS & DC - MSME and Mr. RK Rai -Director - MSME. The meeting was well attended by MSMEs of ELCIA where they discussed and shared ideas on the next generation technologies for the new ESDM Focused Technology Center in Bangalore.

### g. Awareness Program by PF Commissioner

*Nidhi Aapke Nikat* is an awareness session organized on the 10th of every month in Provident Fund Office where the Regional Provident Fund Commissioner interacts with the employers and the employees to sort out their grievances.

ELCIA organized this awareness session, "*Nidhi Aapke Nikat*," in its boardroom. The platform was also used

to share the ongoing Employees' Retention and Aadhaar Campaign, 2017 and other initiatives were taken by the department. The PF Commissioner addressed the gathering and answered the members' queries too.

#### **h. Workshop on Crisis and Accidents Management**

This workshop helped in creating awareness and preparedness for fatal and non-fatal accidents in industries. Labor contractors and security agencies made use of this program to develop their competency.

### **Health and Wellness Camps**

Health and Wellness events were conducted regularly at ELCIA premises to help ELCIA member organizations' employees. These camps brought well-established doctors and investigative procedures to the employees' doorstep.

#### **a. Free Senior Citizen Health Checkup by Narayana Hrudyalaya**

- i. Narayana Hrudyalaya marked International Day of Older Persons by conducting a free health checkup camp (BP, GRBS, weight) and consultation for senior citizens.
- ii. Free breast cancer, oral cancer, eye checkup, blood sugar and other regular checkups were conducted at KSSIDC Complex.

#### **b. Complete Bone Health Checkup by Sparsh Hospital**

- i. Health checkup packages were designed for ELCIA member organizations' employees by bone specialists from Sparsh Hospital.
- ii. The seminar on "Repetitive Strain Injury" was conducted by the doctors from Sparsh Hospital. Repetitive Strain Injury (RSI) is a potentially debilitating condition resulting from overusing the hands to perform a repetitive task, such as typing, clicking a mouse, or writing. Anyone who uses a computer regularly is at risk and should know about RSI. Unfortunately, most people are uninformed and do not understand what RSI is or how serious it can be. Proper posture and workstation ergonomics are widely regarded as the key to prevention of RSI. Stretches and breaks are also critical. ELCIA, in association with Sparsh Hospital had organized a session on 18th August 2017 at ELCIA boardroom. This session helped employees understand and overcome RSI.

#### **c. Eye Care Initiative by ELCIA and Titan Eyeplus**

Titan Eyeplus presented a healthy start to the New Year with free eye tests, spectacle servicing and various discounts on walk-in.

#### **d. Holistic Health Camp**

Holistic Health Care conducted a free health screening camp at ELCIA boardroom. The employees working in Electronics City took advantage of the screenings by alternate medical specialists.

#### **e. Yoga Day Celebrations**

A free Yoga session was held under the guidance of a renowned Yoga teacher to mark International Yoga Day, 2017.

## **f. ELCIA Innov4Sight Partnership**

In partnership with Innov4Sight Health (I4S), an intensive 3-month-long awareness program on reproductive health titled “Gift Hope” has been launched recently. It aims to help people explore and understand how personal well being has a positive impact on organizational work atmosphere.

## **Other Events**

### **a. Women’s Day Celebration at ELCIA**

Mr. Bhawesh and Ms. Rama presided over the Women’s Day, 2018 celebration at ELCIA. Ms. Rama spoke on the need of education and suggested ELCIA staff mentor the housekeeping women and get them educated. The staff and housekeeping women had a great time.

### **b. Awareness Program on Voting and Electronic Voting Machine (EVM)**

A day-long awareness campaign and exhibition was conducted at the ELCIA premises by the Election Commissioner Office. Demonstration of VVPAT machine was introduced for the first time in Karnataka Assembly Election which drew a huge crowd.

### **c. Women’s Self Defense Training**

Women’s safety is of primary importance in this corporate world. Understanding the need for women empowerment, Women’s Self Defense Training was imparted to the women employees of member establishments.

## **Campaigns**

### **a. Vote Bengaluru and One Million Votes Campaign (OMNV)**

The campaign by B.PAC and ELCIA emphasized the need to vote.

### **b. Rally for Rivers Movement**

Rally for Rivers is a project that aims at reviving the rivers of India. This was an open and public event that took place on 9 September at Palace Grounds from 5 P.M. to 7 P.M. All member organizations were requested to support the Rally for Rivers campaign by giving a missed call to 80009 80009. The objective was to make this initiative a people’s movement and highlight the need for urgent action.

### **c. Graduation Voters Registration**

ELCIA acted as a collection point for graduate voters registration and was able to register around 800 voters.

## **Visitors to ELCIA**

- a. Honorable Member of Parliament, Dr. Veerappa Moily was invited to discuss the industry needs which could be incorporated in the 2018-’19 Karnataka Budget
- b. Delegates from Shenzhen Ministry, China
- c. Mr. Sanjay Kumar Rakesh, Jt Secretary, Ministry of IT and Electronics

- d. Member organizations were invited on 11th July 2017 to present their views on re-notifying all the PMA (Preferential Market Access) policies
- e. MSME representatives from 13 nations to understand the MSME sector development in India
- f. Delegates from Ethiopia, arranged by KBITS

### New Members of ELCIA

We welcome the following organizations to the ELCIA fraternity:

- a. Titan India
- b. Innov4Sight Health and Biomedical System Pvt Ltd

On behalf of the current executive committee, I thank all the member companies for their kind cooperation and active participation in all the activities conducted by ELCIA. I am sure that ELCIA will continue its journey in enabling businesses and empowering its member organizations in the years to come.

Thanking One and All,

**Bhawesh Kumar**

# Finance Report

---

## Independent Auditor's Report

TO THE MEMBERS OF ELECTRONICS CITY INDUSTRIES' ASSOCIATION

### Report on the Financial Statements

We have audited the accompanying financial statements of **ELECTRONICS CITY INDUSTRIES' ASSOCIATION** ("the Association"), which comprise the Balance Sheet as at March 31, 2018, and the Income and Expenditure account for the year then ended, and a summary of significant accounting policies and other explanatory information.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position and financial performance of the Association in accordance with the Accounting Standards issued by the Institute of Chartered Accountants of India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Association's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a. in the case of the Balance Sheet, of the state of affairs of the Association as at March 31, 2018.
- b. in the case of the Income and Expenditure Account, of the excess of Expenditure over Income for the year ended on that date.

## Schedule N

### Notes on Accounts for the year ended 31<sup>st</sup> March, 2018

#### 1. Significant Accounting Policies

These accounts are prepared under the historical cost basis of accounting and evaluated on a going concern basis. The significant accounting policies adopted in the preparation of the accounts are:

- a) Revenue is recognized on accrual basis except
  - i. Maintenance fees from members in respect of closed units are recognized as income on cash basis with effect from 01.04.2005.
  - ii. The Additional Maintenance Fee is a voluntary contribution from members and is recognized on accrual basis only if there is a firm commitment from the contributing members and a reasonable certainty of collection
- b) Fixed assets are stated at cost of acquisition less depreciation.
- c) Depreciation on fixed assets has been charged on written down value method, by adopting the rates of depreciation specified in the Income Tax Act 1961.
- d) Inventories are valued at lower of cost or net realizable value.
- e) A provision is recognized if, as a result of a past event, the association has a present obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are recognized at the best estimate of the expenditure required to settle the present obligation at the balance sheet date.
- f) The presentation of financial statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results are known materialized.

2. In the opinion of the Executive Committee, the value on realization of current assets, loans & advances will, in the ordinary course of business, not be less than the amount at which they are stated in the Balance Sheet.

3. The Executive committee vide their meeting held on May 30, 2013 decided to create a corpus fund for construction of a building for the benefit of the members who have applied for grant from MeitY (Ministry of Electronics & Information Technology) under the MeitY scheme applicable under ESDM (Electronics System and Design Manufacturing) and MSME (Micro Small and Medium Enterprises). Such building is being constructed on the lease land held by ELCIA under the Lease Cum Sale Deed dated September 16, 2011 with Karnataka State Electronics Development Corporation Limited. In this regard, the Executive Committee approved setting aside the entire interest received / accrued amounting to Rs. 48,59,120 on the Fixed Deposit outstanding as at 31/3/13 amounting to Rs.4,55,80,609 held with Indian Bank, Electronics

City Branch AND, 30% of the Additional Maintenance Fund collected from members, amounting to Rs. 45,23,723. The total building corpus fund outstanding as at March 31, 2014 is Rs. 93,82,843.

In FY 2014-15, Rs. 35,81,323 being interest received / accrued on the Fixed Deposit with Indian Bank and Rs. 44,79,152 being 30% of Additional Maintenance Fund collected from members have been transferred to fund. Such contribution to the building fund from the interest on the aforesaid fixed deposits and the Additional Maintenance Fund shall continue till the completion of the building construction by ELCIA.

In FY 2015-16, Rs. 23,74,766 being interest received / accrued on the Fixed Deposits with Indian Bank and Rs. 44,48,716 being 30% of Additional Maintenance Fund collected from members have been transferred to fund. Such contribution to the building fund from the interest on the aforesaid fixed deposits and the Additional Maintenance Fund shall continue till the completion of the building construction by ELCIA. The total building corpus fund outstanding as at March 31, 2016 is Rs. 4,64,92,724 which includes transfer from Road Naming & Maintenance Fund of Rs. 2,22,25,923.

As the construction of the ELCIA Cluster building has already been completed and, the existing reserves in the fund would be adequate to meet the present estimates of new buildings envisaged, there is no need for creating additional reserves in the Corpus Fund. Hence no portion of interest received / accrued on the Fixed Deposits with Indian Bank and Additional Maintenance Fund collected from members have been transferred to Building corpus Fund during the year 2016-17 and 2017-18.

4. Land amounting to Rs. 2,38,23,463 in Schedule No - 5 (Fixed Assets) includes leasehold land of Rs. 2,15,02,985 pursuant to the lease cum sale agreement dated May 16, 2011 with Karnataka State Electronics Development Corporation Limited. The lease period is for 10 years.

#### **5. Contingent Liabilities**

During the year 2013-14, consequent to completion of Income Tax assessment for the Assessment Year 2011-12, ELCIA received a notice for a claim of Rs. 76,75,438 which includes reversal of the refund already granted for AY – 2011/12 u/s 143(1)(A) of Rs. 33,80,270. ELCIA had filed an appeal with the Commissioner of Income Tax Appeals – V. ELCIA had paid Rs. 25 Lacs under protest. Commissioner of Income Tax Appeals held that ELCIA is not eligible for exemption u/s 11 of the Income Tax Act, 1961 and hence its income would be taxed accordingly, after considering the accretion and application of funds which was earlier ignored by the Assessing Officer. Appeal to the Income Tax Appellate Tribunal (ITAT) has been filed on the 29<sup>th</sup> day of March 2016. Consequent to the order received from the Commissioner of Income Tax Appeals, the case had been put forth to Appellate Tribunal for consideration.

The Income Tax Appellate Tribunal vide order pronounced on 21<sup>th</sup> February 2018 quashed the order of the Commissioner of Income Tax Appeals and passed a favorable order in favor of ELCIA

During the year 2014-15, consequent to completion of Income Tax assessment for the Assessment Year 2012-13, ELCIA received a notice for a claim of Rs. 1,52,42,617 which includes reversal of the refund already granted for AY – 2012/13 u/s 143(1)(A) of Rs. 17,76,560. ELCIA has filed an appeal with the Commissioner of Income Tax Appeals – V. ELCIA has paid Rs. 40 Lakhs under protest. Matter is still pending with CIT appeals.

ELCIA has been advised by their tax consultants that they have strong grounds for the above appeal and hence the aforesaid amount of Rs. 1,52,42,617 for AY 2012-13 have not been provided in the income and expenditure account especially in the light of ITAT passing order in favour of ELCIA for AY 2011-12

6. ELCIA has been availing services from CISF till October 2013 for the benefit of members and protection of estate property in Electronic City. CISF has received a notice from Service Tax department for the period financial year 2007 till 2011 on the grounds that, CISF has not billed ELCIA for service tax. CISF has

contended that, they are an exempt entity and hence not required to bill service tax. CISF has filed an appeal with the Service Tax department. In the event service tax department passes an order against CISF, CISF may pass-on the liability to ELCIA. The demand raised by the service tax department is Rs. 76,67,875 along with interest and penalty. The matter is pending.

ELCIA has been advised by their consultants that, there is no liability in view of the aforesaid matter and hence, no provision has been made in the books of accounts.

7. The Joint Commissioner of Central Taxes has passed two separate assessment orders relating to Service Tax Cenvat input credit and interest payable for the period 2007 to 2011 for services availed from CISF and, for non filing of ST 3 returns for 2008-09 which was objected by the Central Taxes internal audit team. The assessment orders issued on March 2, 2018 disallowed Cenvat credit of Rs. 3,96,407, has raised a demand for service tax amounting to Rs.56,19,984 and imposed a penalty of Rs. 396,407 & Rs.56,29,984 and levied interest of Rs. 46,197.

ELCIA has filed an appeal with Commissioner of Central Tax on the aforesaid demands. ELCIA has been advised by their consultants that, there is no liability in view of the aforesaid matter and hence, no provision has been made in the books of accounts.

8. Electronics City Industries' Association has been granted the status of Charitable Institution under section 12A of the Income Tax Act, 1961 with effect from April 1st 2006 as a ' Wholly Charitable Society '. The continuance of this status has been rejected by the Income Tax Department in the tax assessment for AY 2011-12 and for AY 2012-13 as stated in note 5 above. With respect to AY 2011-12 ITAT has quashed the order of the CIT Appeals and passed a favourable order in favour of ELCIA. For the AY 2012-13 the matter is still pending with CIT Appeals. Hence, no provision for income tax has been made during the year.

9. Previous years' figures have been re-grouped and re-arranged wherever necessary.

# ELCIA Trust Chairperson's Note

*Dear Members,*

In pursuit of facilitating holistic development and nurturing growth, ELCIA Trust continues its efforts to improve the economic and social conditions of the marginalized communities in the villages neighbouring Electronics City with a specific focus on children's education and health and hygiene for all.

The focus initially was to set up the basic infrastructure like classrooms and toilets, and provide mid-day meals for all the schools. Over the years, this has been accomplished. There are additional requirements based on the increase in the number of students, and elevation of the schools from primary school to middle school or middle school to high school.

These requirements are being fulfilled with the support of the generous contributions from companies in Electronics City.

The objective now is to improve the quality of education through various interventions, with the support of volunteers from companies and educational institutions. The science lab, which was set up a couple of years back at Government Middle School, Bettadasanapura, in partnership with Agastya Foundation, is being used effectively by all middle school and high school students for a better understanding of basic concepts of science. With the addition of two sets of lab-in-a-box kits, the students will now be able to have hands-on learning experience within their school premise itself.

Vidya Nidhi programme to provide financial support to deserving students to pursue higher education has been successful. From this year, career counselling sessions have also been included to provide proper guidance to the students. The job-oriented vocational training sessions conducted in partnership with Bosch a few years back were successful. There is a plan to re-initiate this, with the objective of creating employment or entrepreneurial opportunities focused on unemployed youth from the neighbouring villages.

The scalability, outreach, and impact of these projects can be enhanced with the participation of employees and student volunteers. Towards this, awareness programs about ELCIA Trust and its projects are being conducted within the premises of companies and institutions.

Over the past few years, several health screening camps were conducted in the schools, and those requiring further investigation were followed up by the respective hospitals and institutions. During this year, an eHealth Center has been set up at Bettadasanapura in partnership with Narayana Health and Doddathogur Panchayat, to act as the primary health Center.

On behalf of all the trustees of ELCIA Trust, I would like to personally acknowledge the monetary and volunteer support from the companies and institutions in Electronics City. I am sure we can make a difference to create healthy, educated, employable and responsible citizens.

Warm Regards,

**Babu Rangaswamy**

## Schedule H – Notes to accounts

1. ELCIA Trust is a registered charitable trust formed in 2003 with the objective of rendering community service in the fields of village and rural upliftment, Women and children welfare, Education, Community Health and Hygiene and other acts of charity or social work for the benefit of the community. The trust is registered under Section 12A of Income Tax Act, 1961.

### 2. Significant accounting policies

#### *a) Basis of Preparation:*

The financial statements are prepared under the mercantile system of accounting and the books of accounts maintained on accrual basis, in conformity with accounting principles generally accepted in India.

The going concern basis has been adopted.

#### *b) Revenue Recognition:*

The organization being a trust, revenue consists mainly of donations and income on investments. Revenue is recognized as income on accrual basis when the right to receive is established. Interest income is recognized on a time proportion basis.

#### *c) Fixed Assets and Depreciation:*

Fixed assets are stated at cost, less depreciation. Cost comprises of purchase price and attributable cost of bringing the asset to its working conditions for its intended use. Depreciation on fixed assets has been provided on reducing balancing method (WDV) at rates specified in the Income Tax Act, 1961.

#### *d) Use of Estimates*

The presentation of financial statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results are known/materialized.

e) Taxation:

As the organization is registered under Section 12A of the Income Tax Act, 1961, its income is exempt from tax to the extent it meets with the stipulated conditions. Provision for Tax is made on incomes which do not meet the said conditions.

3) In the opinion of the Management, the Trust has complied with the provisions of the Income Tax Act in respect of its income for the year and hence no provision has been made for tax.

4) The previous year figures have been regrouped wherever necessary.
